

DO NOT SCALE

Road and footpath surfaces are to meet architects specification.

- 1. All works and materials to be in accordance with;
- (i) North Yorkshire County Council current design standards
- (ii) New Road and Streetworks Act. 1991
- (iii) BGP Specifications

Notes:

- (iv) All applicable Building regulations
- 2. All levels are in metres to Ordnance Datum (m AOD)
- The contractor is to check all dimensions and levels and report any discrepancies or omissions to the Engineer.
- 4. This drawing is to be read only in conjunction with BGP specification and drawings.
- All concrete for foundation to kerb channels and edgings shall be Class Gen3 (BS 5328) unless shown otherwise.
- All kerbs and channels shall be hydraulically pressed and comply in all respects with BS 7263 Part 1.
- Kerbs and channels shall be laid true to line and level and shall not be backed until inspected and approved by the Engineer.
- 8. For softscape areas refer to Architects specification & details.

S.H.E.

Do not excavate until all underground services have been identified and marked out. Refer to service providers drawings and to the utilities survey drawings. Unknown underground services may exist. Check for services by carrying out a scan with a cable avoidance tool. Legend
